BOSTON POST ROAD . DARIEN . CONN.

Evergreens and Broad Leaved Evergreens

Evergreens transplanted in the fall should be properly protected from the west and north winds and well mulched around the roots for the first winter.

ABIES Balsamea (Balsam Fir). 50'

*3-4 ft.	\$ 2.50
4-5 ft.	3.50
5-6 ft.	5.00

—**Concolor** (Silver Fir). 70-80'. One of the best evergreens; gray green needles. Slow grower.

18-24 in.	2.50
3-4 ft.	6.00
4-5 ft.	8.00
5-6 ft.	11.00

—**Pseudotsuga Douglasi** (Douglas Fir). 100'. Very hardy; bushy; bluish green needles; fast grower.

*3-4 ft.	2.75
*4-5 ft.	3.75
5-6 ft.	5.00
6-7 ft.	6.00
7-8 ft.	7.50
8-9 ft.	9.50
9-10 ft.	11.00
10-11 ft.	12.50

—**Nordmaniana** (Nordman Fir). 50'. One of the best firs. Slow grower. Keeps same glossy dark green foliage through winter.

6-8 ft. specimen	\$ 25.00 to 35.00
------------------	-------------------

—**Veitchi**. 50'. Very hardy. One of the most beautiful firs.

5-6 ft.	9.00
6-7 ft.	12.00
7-8 ft.	16.00

ABELIA Grandiflora. Almost evergreen. See flowering shrubs, page 12.

ARCTOSTAPHYLOS Uva-ursi (Bearberry). Good ground cover. Dark green foliage. Pink flowers. Scarlet berries. Does well at seashore.

2 yr. from pots	\$ 40.00 per 100
-----------------	------------------

ANDROMEDA. (See Pieris.)

Azalea

AZALEA. See also page 13 for deciduous azaleas. Evergreen

Azaleas should be planted in protected location or covered in winter. Varieties Kaempferi Hybrids are hardy.

Azalea should be planted in acid soil.

AZALEA Amoena (Japanese Azalea). 4'. Purple red flowers.

April-May. Sun or half shade.

*10-12 in. spread	\$ 1.00

24–30 in., “ “ 3.50

—**Perpusilla**. 15–18 in. pots. 1.75

—**Microphylla**. 12–15 in. pots. 1.25

CRYPTOMERIA Lobbi (Cave Cryptomeria). Deep green, upright grower, slender habit.

5–6 ft. 8.00

6–7 ft. 10.00

7–8 ft. 14.00

8–10 ft. 18.00

DAPHNE Cneorum (Garland Flower). Bushy and strong plants. Native in leaf mold with lime stone; half shade.

8–10 in. spread, B. & B. . . . \$.90 each, \$ 7.00 per 10

10–12 in. “ “ 1.00 each, 8.00 per 10

12–15 in. “ “ 1.25 each, 10.00 per 10

EUONYMUS Japonicus. Large dark green leaves. (Evergreen Burningbush.)

18–24 in. 1.25

—**Kewensis**. Smallest of all Euonymus.

*3 in. pots. \$.40 each, \$4.00 per doz.

—**Patens** (Sieboldianus). Almost evergreen; red berries, free from scale.

*18–24 in.90

2–3 ft., bushy. 1.50

For other Euonymus see Vines and Shrubs, pages 16 and 24.

ILEX Crenata Bellata.

6–8 in. 1.00

—**Microphylla** (Small leaf Japanese Holly).

1½–2 ft. 3.50

2–2½ ft. 5.00

2½–3 ft. 7.00

3–4 ft. 9.00

—**Glabra** (Inkberry). Stands moisture.

1–1½ ft. 1.75

1½–2 ft. 2.50

2½–3 ft. 4.00

—**Opaca** (American Holly). Needs a moist or half shady protected spot. Plant in spring only.

2–3 ft., B. & B. 4.00

3–4 ft. 6.00

Juniper

JUNIPERUS Canadensis (Prostrate Juniper). A vase shaped bush.

2½–3 ft. spread. \$ 3.00

—**Chinensis** (Chinese Juniper). Pyramidal Silver green. Keeps its color in winter.

3–4 ft. 3.00

4–5 ft. 6.00

5–6 ft. 7.50

6–8 ft. 9.50

*Items that can be supplied in quantity and subject to discount

JUNIPERUS—Continued

— Chinensis Columnaris. Grows rapidly forming tall narrow column of gray green foliage. Extremely hardy.	
*4–5 ft.....	\$ 5.00
*5–6 ft.....	7.00
6–8 ft.....	9.00
8–10 ft.....	15.00
10–12 ft.....	20.00
— Pfitzeriana (Pfitzer Juniper). Gray green foliage. Hardy; broad, spready habit.	
*15–18 in. spread.....	.90
*18–24 in. “.....	1.25
2–3 ft. “.....	2.50
3–4 ft. “.....	4.00

All specimen stock, available in nursery grown, transplanted or collected grades. Ask for special quotation on quantities.

Special offer for this Spring:

200 bushy plants 1½-4 ft., for \$250.00 (delivered).

LEUCOTHOE Catesbaei (Drooping Andromeda). White flowers in May. Glossy leaves turning bronze in the fall. Stands shade and moist. Acid soil required. Nursery grown.

*12-15 in.....	.90
*15-18 in.....	1.00
*18-24 in.....	1.50

LEIOPHYLLUM Buxifolium (Sandmyrtle). Pale pink flowers in June. Acid soil. Nursery grown clumps.

9-12 in.....	1.25
15 in.....	1.75
18 in.....	2.50

—**Prostratum. R.** (Creeping Sandmyrtle). The best evergreen trailer for rock gardens. Makes solid carpet 2-4 in. thick. Flowers light pink in June. Acid soil required.

4-6 in.....	.90
6 in. spread.....	1.00
9 in. “.....	1.50
12 in. “.....	2.00

LONICERA Nitida. Dwarf almost evergreen shrub with small leaves. Needs protection in winter.

From 2½ in. pots.....	.35
From 4 in. pots.....	.75

MAHONIA (Oregon Holly Grape). Shining green leaves turn rich scarlet in autumn. Yellow flowers in May. Blue black fruits. Best in half shade.

*12-15 in.....	.90
*15-18 in.....	1.00
18-24 in.....	1.50

PACHYSANDRA Terminalis (Japanese Spurge). The most satisfactory ground cover. Makes solid evergreen carpet 6" high. Will grow under trees where grass fails. 3 for \$.60, \$1.80 per dozen, \$10.00 per 100, \$65.00 per 1000.

Ask for prices on larger quantities.

PICEA Canadensis (White Spruce).

8-10 ft.....	15.00
10-12 ft.....	17.00

Larger specimens 12-20 ft. on application.

—**Engelmanni.**

4-5 ft.....	7.50
-------------	------

—**Excelsa** (Norway Spruce).

10-12 in. for window boxes.....	\$4.00 per doz.

For immediate results, use our plants from pots and butter tubs \$1.25 to \$5.00.

Rambler and Climbing Roses

Dormant plants can be supplied until May, and again in the fall, at \$45.00 per 100.

Better results are obtained from our potted plants, strong field grown 2 yr. old \$.75 each, \$7.50 per doz., \$60.00 per 100. Larger plants \$1.00 to \$2.00.

WHITE

Silver Moon. Large semi-double flowers, good foliage.

PINK

Chaplin’s Pink Climber. Large semi-double flowers of a rich pink.

New Dawn. The everblooming Dr. Van Fleet. \$1.50 each.

Dorothy Perkins. Small double pink flowers in clusters; poor foliage in Summer.

Dr. Van Fleet. Large semi-double flesh pink flowers; good foliage; strong.

Hiawatha. Small single ruby carmine flowers.

Mary Wallace. Deeper salmon, but in every respect as good as Dr. Van Fleet.

Mme. Gregoire Stachelin. The new large double pink climber.

RED

Bess Lovett. Best of the crimson red climbers. Large flowers suitable for cutting.

Climbing Mme. Herriot. Large double coral red and orange flowers.

Excelsa. Small double crimson flowers in clusters.

Blaze. New Everblooming Paul’s Scarlet \$2.00 each.

YELLOW

Emily Gray. Large semi-double unfading pure yellow flowers. Should be protected in exposed location. Good foliage.

Jacotte. Good sized semi-double deep yellow to coppery red.

Primrose. Double unfading canary yellow; hardier than Emily Gray.

For Shrub Roses (Hugonis, Rugosa, etc.) see page 20.

Field Grown Roses

We can supply Field Grown Roses in the best varieties. Dormant stock until May, potted plants thereafter.

Prices: \$.75 each, \$7.50 per doz., \$60.00 per 100.

The following are a selection of the best varieties for this part of the country:

WHITE

Frau Karl Drusehki (H. P.). Large pure white flowers.
Madame Jules Bouche. The ideal white bedding rose.

PINK

Dame Edith Helen. Brilliant rose pink, fragrant.
Killarney Queen. Cerise pink.
Lady Alice Stanley. Outside petals coral pink, inside pale pink.
Mme. Caroline Testout. Globular satiny rose flower.
Mrs. Chas. Bell. Shell pink, salmon shadings.
Mrs. Henry Bowles. Brilliant pink, salmon shadings.
Radiance. Carmine pink, keeps blooming during warm weather.

RED

Chas. K. Douglas. Flaming scarlet, strong grower.
Etoile de Hollande. Brilliant crimson, the best red bedding rose.
Francis Scott Key. Large crimson flowers, strong grower.
Gruss an Teplitz. Tall grower, 4-5' semi-double scarlet flowers continuously; use like a shrub; do not cut back.

YELLOW

Duchess of Wellington. Saffron yellow, stained crimson.

Hardy Pecan, and new large Hybrid Blue Berry

Hardy Perennials and Rock Plants

All hardy perennials should be cut back to the ground immediately after flowering (except peonies, lilies and other bulbs which should keep their foliage until ripe). We have eliminated all varieties without merit.

COLLECTION

12 Hardy Perennials or Rock Plants
(Our Selection) \$1.00

Plants dug with a ball of earth, 5 cents extra. Plants in bloom or especially selected are quoted according to individual specimen.

These prices are for plants that will bloom the first year.
Larger plants will be charged in proportion.

Delphiniums

DELPHINIUMS will grow in any good garden soil but we prefer not to put manure in direct contact with the plant or the main part of its roots. We recommend using lime and bone meal in generous amounts in the soil before planting. Every year thereafter a handful of lime and twice a handful of bone meal stirred in the soil around the plant. Established plants will respond to Vigoro, Nitrate of Soda and other quick acting fertilizers.

For unusual results place rotted cow manure up to a depth of 3 ft. below the plant.

- DELPHINIUM improved belladonna** (Hardy Larkspur). June. 3 ft. Turquoise blue. Price B.
- Bellamosum** (Hardy Larkspur). June. 2-3 ft. Deep blue. Price B. 2 yr. plants, Price C.

prices.

Conditions

Our prices may change without notice.

Refuse all plants that are not in perfect condition.

Material and plants remain our property until entirely paid for.

Any guarantee given by us is subject to cancellation if payments are overdue.

While we exercise the greatest care to have our plants true to name and reliable, and hold ourselves prepared to replace on proper proof all that prove untrue, we do not give any warranty, expressed or implied, or guarantee them to live and grow. In case of error on our part, it is mutually agreed that we shall not at any time be held responsible for a greater amount than that originally paid for the goods. **No complaints will be considered that are not made immediately after receipt of the stock.**

Important CARE OF PLANTS

We shall be glad to give proper instructions for planting and for care after planting to our customers.

It is important that plants should be **watered** and kept watered after transplanting. Larger trees should be prevented from swaying by bracing. New planting should be covered by suitable mulching material for the winter.

*Quantity discounts on items marked *
